Company:
Phone Number:

Contact Name:
Fax Number:

Please answer these questions:
How deep is your well?
What is the yield on your well? (How fast does your well produce water?)
What is your static water level? (How far is it from the top of the well to the top of the water?)
What size pipe are you using?
How far is it from the top of the well to your tank?
Are you going up hill or is there any lift in the line?
What size pressure switch are you using?
